

Employers

Sapling Recruitment provides permanent recruitment services nationwide to suit all situations.

It is our aim to provide you with the most effective service and the best candidates every time we take on a vacancy, offering honest and impartial advice as part of our approach. We recognise how important it is to have a clear understanding of your requirements including not only the candidate specification but also the company culture, team fit and assessment process. We welcome the opportunity of meeting our clients face to face as a way of forging a stronger business partnership and will tailor our approach to suit you.

In addition to the candidates already registered on our database, we will pro actively seek out the right individual to fill your position as they may not be registered currently with any recruitment agencies.

We appreciate that interviewing potential employees is not the only facet of your role, and consequently will only ever send you the details of candidates who we believe accurately match your requirements. All candidates will be briefed about your vacancy in depth and their permission gained before their CV is sent to you.

At Sapling we have experience of dealing with a wide range of vacancies at all levels – from Entry Level positions through to Managerial roles. We are happy to work with our clients on all permanent vacancies, whether on an ad hoc basis or building an entire new team.

Should you wish to discuss any of our services in more detail, then please contact us directly on 0161 228 6448, or complete our call back form so that we can contact you at a convenient time.
